8 March 2022

BOART LONGYEAR APPOINTS HAITAO LIU AS VICE PRESIDENT, SUPPLY CHAIN AND MANUFACTURING

Boart Longyear Group Ltd (ASX:BLY) (the Company or Boart Longyear) announces the appointment of Mr. Haitao Liu as Vice President, Supply Chain and Manufacturing effective 21 March 2022. Mr. Liu brings extensive operational leadership and business transformation expertise in the mining and energy sectors to the Company.

Boart Longyear Chief Executive Officer Jeff Olsen said, "We are thrilled to appoint Haitao as our Vice President, Supply Chain and Manufacturing. He brings an impressive global operational background in procurement, logistics, and continuous improvement to Boart Longyear. Haitao's experience will be invaluable as we grow and navigate the current supply chain environment."

Since 2008, Mr. Liu has held a number of operational positions with Hitachi Energy (previously known as ABB and Hitachi ABB Power Grids) in the US and Switzerland. Most recently, he was Vice President, Head of Supply Management, Grid Integration North America where he was responsible for procurement, logistics, trade, supplier quality, and subcontracting. Other roles at Hitachi Energy included Vice President, Quality and OpEx, Grid Integration North America, Vice President, Global Quality and OpEx, Business Unit Power Conversion, and Senior Operations Consultant, Corporate Function Quality and OpEx. From 2005 to 2007, Mr. Liu was Manufacturing Director, China Foil Business at Alcoa in Shanghai, China. From 1997 to 2000, he was Process Engineer, #1 Cold Rolling Mill at Baoshan Iron and Steel Group in Shanghai, China.

Mr. Liu holds a Master of Business Administration and a Master of Science in Electrical Engineering and Computer Science from Massachusetts Institute of Technology and a Bachelor of Engineering in Materials Engineering from Northeastern University in China.

ASX ANNOUNCEMENT (ASX:BLY)

The Global Drilling Services division operates for a diverse mining customer base with drilling methods including diamond coring exploration, reverse circulation, large diameter rotary, mine dewatering, water supply drilling, pump services, production, and sonic drilling services.

The Geological Data Services division utilises innovative scanning technology and down-hole instrumentation tools to capture detailed geological data from drilled core and chip samples. This valuable orebody knowledge gives mining companies the ability to make timely decisions for more efficient exploration activities.

The Global Products division offers sophisticated research and development and holds hundreds of patented designs to manufacture, market, and service reliable drill rigs, innovative drill string products, rugged performance tooling, durable drilling consumables, and quality parts for customers worldwide.

Boart Longyear is headquartered in Salt Lake City, Utah, USA, and listed on the Australian Securities Exchange in Sydney, Australia (ASX:BLY).
