Rating Actions - S&P Global

Boart Longyear Limited (**ASX:BLY**) - [Boart Longyear](http://www.boartlongyear.com) reports that S&P Global has reviewed the Company's debt ratings and has taken the following rating actions. These actions have been anticipated and are a result of the Company completing its recapitalisation that has created a sustainable capital structure and will provide the "New Boart Longyear" with a strong footing to capitalise on the upswing in the mining and exploration sectors.

- *Corporate credit rating raised from "D" to "B-"*
- *Rating outlook raised to "Stable"*

With the recapitalisation now complete and the Senior Secured and Senior Unsecured Notes extinguished, S&P has withdrawn its issue-level rating.

Boart Longyear CEO Jeff Olsen said, "The outcome of S&P rating upgrade is positive and will provide the Company and its stakeholders with the extra security to take full advantage of the opportunities in a rising market. I am confident we will now be even better partners with our valuable and diversified global customer base."

About Boart Longyear

Established in 1890, Boart Longyear is in its 131st year as the world's leading provider of drilling services, orebody-data-collection technology, and innovative, safe and productivity-driven drilling equipment. With its main focus in mining and exploration activities spanning a wide range of commodities, including copper, gold, nickel, zinc, uranium, and other metals and minerals, the company also holds a substantial presence in the energy, oil sands exploration, and environmental sectors.

The Global Drilling Services division operates for a diverse mining customer base with drilling methods including diamond coring exploration, reverse circulation, large diameter rotary, mine dewatering, water supply drilling, pump services, production, and sonic drilling services.

The Geological Data Services division utilises innovative scanning technology and down-hole instrumentation tools to capture detailed geological data from drilled core and chip samples. This valuable orebody knowledge gives mining companies the ability to make timely decisions for more efficient exploration activities.

The Global Products division offers sophisticated research and development and holds hundreds of patented designs to manufacture, market, and service reliable drill rigs, innovative drill string products, rugged performance tooling, durable drilling consumables, and quality parts for customers worldwide.

Boart Longyear is headquartered in Salt Lake City, Utah, USA, and listed on the Australian Securities Exchange in Sydney, Australia (ASX:BLY).
