

ASX ANNOUNCEMENT (ASX:BLY)

1 August 2022

BOART LONGYEAR APPOINTS SHANNON MCCRAE TO BOARD OF DIRECTORS

Boart Longyear Group Ltd (ASX:BLY) (the Company or Boart Longyear) announces the appointment of Shannon McCrae to the Company's Board of Directors effective 1 August 2022. Ms. McCrae is a professional geoscientist (P.Ge) and an accomplished mining and exploration executive with extensive experience in base metals, gold, and diamonds.

Rubin McDougal, Chair of Boart Longyear, said, "We are delighted to welcome Shannon to the Board of Directors and look forward to benefiting from her considerable exploration background as well as her work in the innovation and digital transformation space."

Ms. McCrae has over 20 years of experience in the mining and exploration industry. Her roles have included Vice President of Business Development at Novamera and Managing Director of Athena Geoscience. Ms. McCrae held a number of exploration positions at Barrick Gold, including Director, Exploration and Growth and a variety of geological roles at De Beers Canada.

Ms. McCrae holds an Honours Bachelor of Science degree in Geology from Western University in Ontario, Canada

Authorised for lodgement by:

Nicholas R. Nash
Company Secretary

About Boart Longyear

Established in 1890, Boart Longyear is in its 132nd year as the world's leading provider of drilling services, orebody-data-collection technology, and innovative, safe and productivity-driven drilling equipment. With its main focus in mining and exploration activities spanning a wide range of commodities, including copper, gold, nickel, zinc, uranium, and other metals and minerals, the company also holds a substantial presence in the energy, oil sands exploration, and environmental sectors.

The Global Drilling Services division operates for a diverse mining customer base with drilling methods including diamond coring exploration, reverse circulation, large diameter rotary, mine dewatering, water supply drilling, pump services, production, and sonic drilling services.

The Geological Data Services division utilises innovative scanning technology and down-hole instrumentation tools to capture detailed geological data from drilled core and chip samples. This valuable orebody knowledge gives mining companies the ability to make timely decisions for more efficient exploration activities.

The Global Products division offers sophisticated research and development and holds hundreds of patented designs to manufacture, market, and service reliable drill rigs, innovative drill string products, rugged performance tooling, durable drilling consumables, and quality parts for customers worldwide.

Boart Longyear is headquartered in Salt Lake City, Utah, USA, and listed on the Australian Securities Exchange in Sydney, Australia (ASX:BLY). More information about Boart Longyear can be found at www.boartlongyear.com. To get Boart Longyear news direct, follow us on Twitter, LinkedIn and Facebook.
